## Let bids for 24 more beds

Bids for construction of a 24-bed addition to Hancock General Hospital, which will result in a net increase of 14 beds to the existing plant, were accepted by the board of supervisors at a recessed meeting Monday.

Action is subject to formal approval by the Mississippi Commission on Hospital Care and the Atlanta and Washington offices of the U. S. Department of Health, Education and Welfare which has awarded a \$272,762.66 grant toward expansion of the facility. State and federal approval is expected to take about 10 days to two weeks, according to Hospital Administrator Thomas O. Logue. The construction contract calls for 300 days no addition is slated to be ready for occupancy late next spring.

Successful bidder on the addition which also involves considerable expansion in the basic plant was Carter and

Mullins Construction Co. of Columbia at \$215,000. With bids on this phase of \$94,500 for mechanical work from Mississippi Mechanical Contractors of Hattiesburg and \$51,131 from McCas Electric Co. of Hattiesburg, total cost of building the basic addition is \$360,631.

In addition there is \$27,093 for equipment and \$21,420 in architect's fees which raise the federal and locally shared cost to \$409,144, plus items in

which the federal government does not participate—\$5,517.86 in contingencies, \$724 for site survey and \$2,907 for equipment—which brings the grand total for the job to \$418,292.86.

Local funds toward the job amount to \$145,530.20. Logue told the supervisors this left enough money for local sources to meet one-third of the cost of a 12-bed wing for which two-thirds Hill-Burton Act funds will be sought. (Cont. on Page 12.)

## Schools ask 3 mill hike

A request by the county school board for a three-mill increase in its tax rate and a report by the school attorney on negotiations over property being secured for Mississippi Test Operations scratched a few wounds of last year's political campaigns before the board of supervisors Monday.

Best 1 Supervisor H. G. Dean complained that one of Superintendent of Education Robert F. Ladner's primary campaign statements was that he would not seek to raise the school millage. Dean also chided Walter J. Phillips, school attorney, for not presenting in the courts last summer for a satisfactory financial settlement on 14th Section land being taken for MTO.

Phillips retorted he had not sought to get the cases on the U. S. District Court docket for hearing at that time "because

it was a political year and you (Dean) were one of those who asked me to hold up on it."

Between the two exchanges the school board told the supervisors it needs more money, over and above what it can anticipate with the increased county assessment to operate the schools, pay teachers satisfactory salaries and solve its transportation woes, and will shortly be asking the supervisors' approval of a \$200,000 bond issue for expansion of the Gulfview School plant, a bus shop at Hancock North Central and other repairs there.

Superintendent Ladner declared that the \$437,680 increase in the real and personal property assessment for the school district this year would amount to \$9,000 for the school system which he contended is not sufficient to meet needs. Because of a drop in average daily attendance last year the state has cut from 33 to 32 the number of teachers it pays for in the system. With 41 teachers in the system that leaves nine which must be paid from district funds, the superintendent continued, going into a comparison of what Hancock pays with salaries in Bay St. Louis, Harrison and Pearl River Counties. ## SJA rolls reflect pupil gain

With enrollment already over the 300 mark at St. Joseph Academy for the 1964-65 session, registration of new students is set for Aug. 14 from 9 to 11 a.m. and from 1 to 3 p.m. Sister Eugenie, principal, announces. A few new pupils are signing each week and Sister Eugenie said she hopes to round out plans for the year with a mass registration Friday week. The school had 285 pupils last year and the enrollment of boarders to date is almost at capacity.

To cope with the larger enrollment one additional teaching sister has been assigned to the academy for the fall term and a number of new lay teachers will be named in the near future. Sister Daniel has been (Cont. on Page 6.)

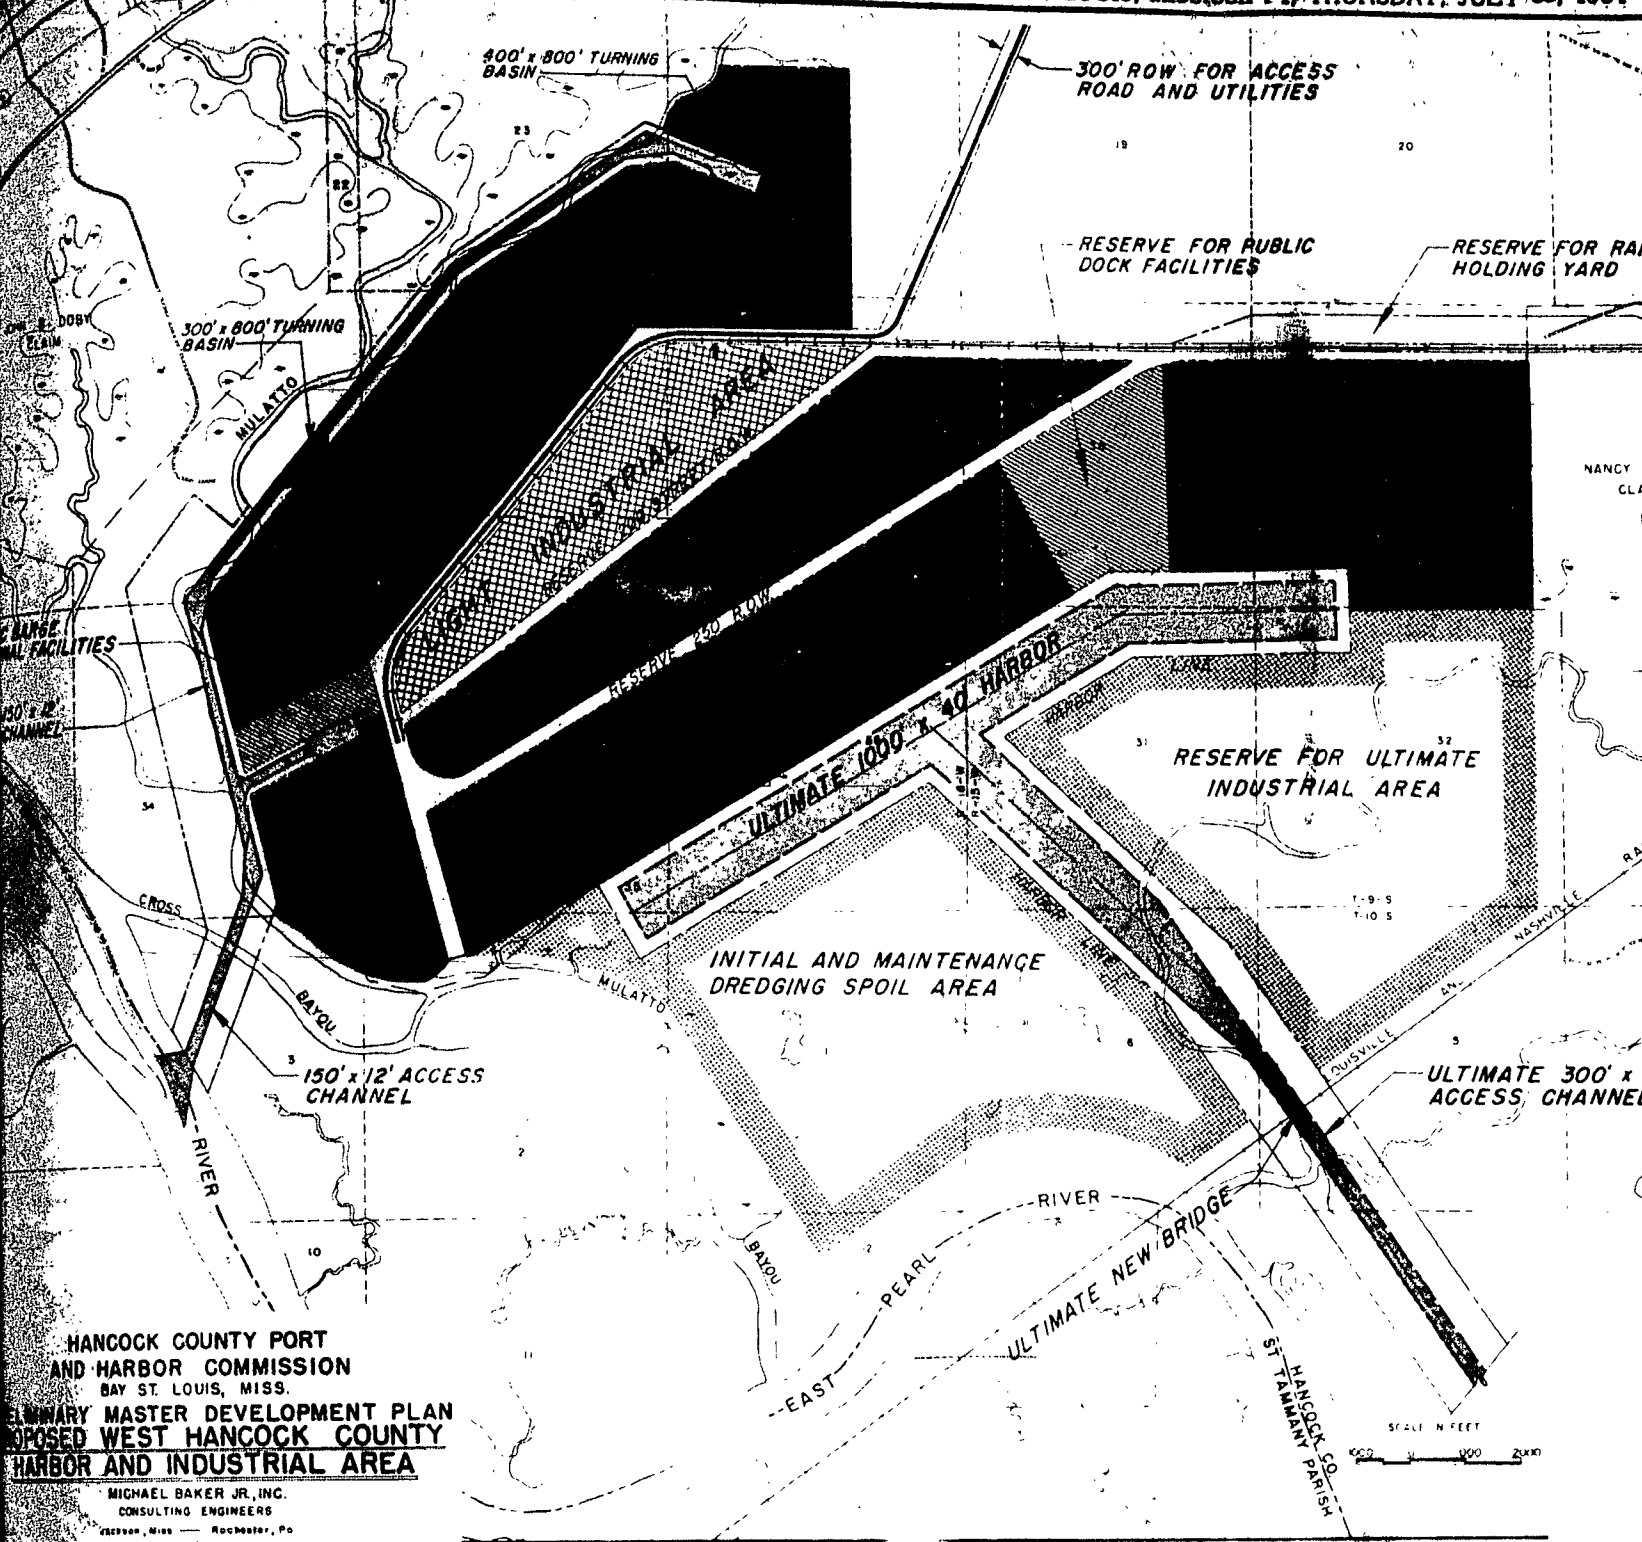

DR. MARK D. HORNE  
Horne heads journalism at Loyola

Dr. Mark Daniel Horne of 123 Sycamore St. has been named chairman of the department of journalism at Loyola University in New Orleans, announced Rev. Edward A. Doyle, S.J., dean of faculties.

He succeeds Edwin P. Fricke who will devote his full time to teaching.

Dr. Horne has been a member of the Loyola faculty since 1938. During his days as a student at Loyola he was editor of The Maroon, weekly student newspaper, and in World War II was assigned to communications work in the Navy. He is the author of a number of articles in education magazines.

A native of Montreal, Canada, Dr. Horne received his A. B. in philosophy from Loyola and his M. A. and Ph.D. in English literature from Louisiana State University in Baton Rouge. He has also done graduate work in journalism. He holds the rank of professor of English at Loyola and will continue to teach in the department.

## West area port aired

Development of the northern end of the Mulatto Bayou area below Pearl River as a port project for the Hancock County Port and Harbor Commission is proposed in a study report issued by the state Department of Transportation and Public Safety. The report, prepared by the state's engineering division, calls for a 150-foot wide access channel and a 300-foot wide turning basin. It also calls for a 300-foot wide reserve for public dock facilities and a 300-foot wide reserve for rail holding yards. The project is estimated to cost \$1,976,580.

Building of 7.8 miles of rail spur from the L and N Railroad main line is proposed and conversations have been held with officials of that firm in an effort to solicit their financing. About 5.6 miles of access roads to U.S. 90 also is needed and development might necessitate the state taking over that, Koonce said.

Stage I is estimated to run \$893,580 with \$407,580 for construction and \$366,000 for land acquisition. Stage II—paving the road and building the track—is figured at \$409,200; Stage III—building the public docks, \$173,300; and Stage IV, \$227,000 for the rest of the land and the industrial channel.

## State cites lack in HNC heating

Hancock County board of education Monday instructed board attorney Walter J. Phillips to determine who was responsible for the inadequate heating system at Hancock North Central School. This action was the result of a letter from J. M. Murray, LP Gas Inspector, Motor Vehicle Comptroller. Murray's letter stated that the low pressure manifolds on two of the three systems were inadequate. For instance, he wrote, the BTU requirements of the appliances served by one of them were approximately 1,950,000, while the regulator could supply gas for only 750,000 "at the maximum".

By joining the three storage tanks and operating the present three systems as one through one adequate high pressure manifold, Murray suggested, the heating system could be made satisfactory. The school board was given only one opening of school in September to have this work done.

## Chamber boosts area Pick realty unit

Promotion of Hancock County as a place to live was the aim of a majority of business at the Chamber of Commerce board of directors meeting Monday night, beginning with appointment by Powell Glass, Jr., president, of a real estate committee. The board hopes this committee can effectively coordinate subdivision requirements between the county and the municipalities, thus making real estate development easier.

Named to the committee were James DeBlanc, Robert Hamilton, Dix Ashman, A. G. Dantagnan and Howard Adams. The board approved a letter from Ashman, chairman of the area promotion committee, to Mack Herring, public information officer for NASA, requesting information about a

missile mock-up the chamber could use for promotional purposes. Ashman reported the county board of supervisors were ready to place signs for the chamber on U.S. 90 whenever the chamber decided what wording should be on them. Discussion brought out that when the chamber made the request last year it was planned to have a contest among school children for the best slogan for the signs. With that in mind the board decided to wait until after school begins to take action.

At the suggestion of Vice President Joseph L. Marchino the board voted to request the supervisors to ask the Marine Conservation Commission to restrict meshed fishing (pogy boats) to areas over two miles from Hancock County. Under the law the commission can take this action if requested by a county's supervisors. Presently, pogy boats are prohibited from operating within one mile of Hancock County.

**SANITATION FINDINGS**  
V. T. Hawkins of the state board of health will give a summation in slide presentation of the community sanitation survey begun two months ago by the state and county health boards and the Jaycees at 8 p.m. Thursday at Coast Electric Power Assn. He will explain and summarize steps to maintain a safe environmental sanitation program.

Dues for chamber of commerce members were increased from \$17.50 to \$25 a year. To resolve any confusion the board set the calendar year, Jan. 1 through Dec. 31, as the membership year. However, dues for new members joining after July 1 were reduced to \$15.

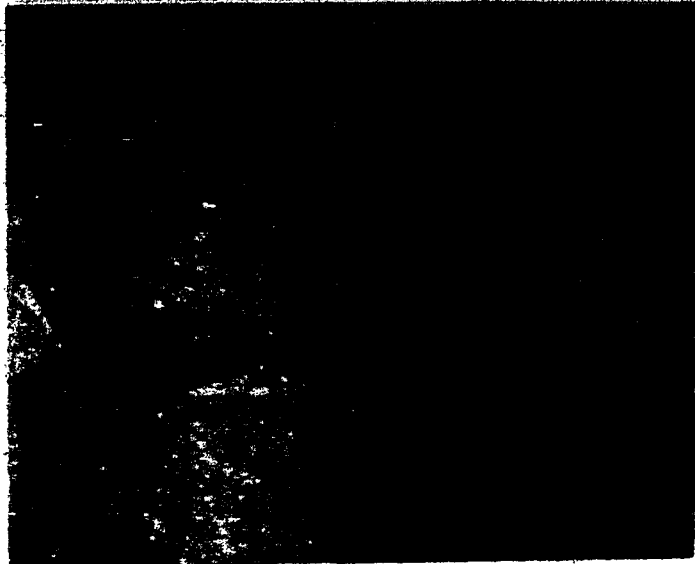

The board voted that Glass write the county's Congressional delegation asking that space at the Bay St. Louis Post Office be increased and agreed to underwrite \$100 of the expense of bringing the New Orleans philharmonic symphony concert to Bay St. Louis Nov. 2.

**MTO lists 2,197 on job**  
There were 2,197 workers on the job with Mississippi Test Operations Monday, a gain from 2,157 the previous week, but activity was curtailed somewhat Wednesday as heavy rains hit the area.

**L.I. DIVISION CHAMPS**—Gene Estapa, star pitcher for Merchants Bank, accepts first place team trophy from Mrs. Theo Tudary, Parks and Playgrounds Director, in final Merchants defeated Industrial Enameling 6-0 in Sunday's all day baseball tourney.

## Merchants, Braves win Sunday event

Merchants Bank behind ace right-hander Gene Estapa downed Industrial Enameling 6-0 to win the Little League brackets and Bay Braves bombed Fabey Drug 10-3 for Pony League honors in the Parks and Playgrounds sponsored hardball tourney Sunday.

Estapa, league leading pitcher, hurled a one-hit shutout in the final and a perfect game in the semi-finals against 7-Up, striking out eight in order. J. Doyle, the only 7-Up player getting a piece of the ball, rolled out to Estapa.

Merchants' R. Scarita, Davy Kidd, L. Buehler and Gene Estapa picked up singles while IE's W. Redo lined the only single off Estapa. Randy Ferguson was charged with the loss.

In the Pony division finals, Bay Braves capitalized on five singles and several errors in the fifth inning to collect nine runs. Sylvan Lachner and David Compretta led the charge with doubles; John Heath and M. J. Rhodes lined singles and Anthony Lachner, a pair of singles.

For Fabey George Logan hit a single and homer, Jimmy Loiacano, a triple and Roger David Lehman.

Little League semi-final action saw Industrial dump Riemann's 4-0 on a one hitter by Randy Ferguson and Merchants captured 7-Up 15-0.

IE's R. Disalvo captured batting honors with a homer in the second while Riemann's only hit belonged to D. Worrel. Ferguson was credited with the victory, D. Carolot the loss.

Merchants picked up nine runs in the first, four in the second, and two in the third on 10 hits. Estapa, Davy Kidd, and J. Phillips were 2-3.

In the first round play of the Pony league, Bay Braves edged Sea Coast Echo 5-4 and Fabey

Congratulations to Mr. and Mrs. Harry Beckwith who celebrated their 55th wedding anniversary Tuesday, July 28.

Mr. and Mrs. Edward Carlie and daughter, Dabra, Graceland, are spending several days with Roger Boudreau at his home on Waveland Ave.

Spending several days as guests of Mrs. Ada Edel are Mr. and Mrs. Edgar Delcane and Albert Glesler of New Orleans.

Mr. and Mrs. Comdie Housh and family of New Orleans are spending their vacation with Mrs. Housh's mother, Mrs. A. W. Mapp, at her home on Waveland Ave.

Those attending the 62nd birthday celebration of Eldridge Evans at his home on Ballentine St. were Mr. and Mrs. Herbert Lyell, and daughters, Eileen, Alice and Pamela, Mr. and Mrs. Roy Rahr and children Roy, Charmaine and Andrew, Mr. and Mrs. Ronald Dourgeot and Barbara Lee Fayard.

Attending the wedding of Miss Jean Boudreau and Ronald D. Dourgeot in New Orleans on Saturday, July 25 at St. Maurice Church were Mr. and Mrs. Ed Fayard, Jr., and children, Edward, Mary Alice, Scott and Marion Ann; Mr. and Mrs. Herbert Lyell and daughters, Eileen, Alice and Pamela, Mrs. Edward Fayard, Sr.

Pete Noto has returned from a week with his brother, Frank, of Houston, Texas.

with Warner-Chilcott Pharmaceutical Co. in New Orleans.

Paul Dourgeot of New Orleans spent the weekend with his mother, Mrs. Harry Dourgeot, and Mr. and Mrs. Chester Dourgeot.

Mr. and Mrs. E. F. Gaze had as guests Saturday his sister and family, Mr. and Mrs. Frank Armstrong, son John, and daughter, Linda and France, from Pensacola, Fla.

Recent guests of Mr. and Mrs. M. J. Carbajal on Waveland Beach were Mrs. Olga Kieffer of the Orleans Laborers Demonstration Club who enjoyed her first swim in the Gulf for many years, and the Comdie Rayns and family who were here for a week. The Harold Gartin family spent two weeks in the Carbajal guest cottage and Pat, Mike, Audrey and Maryita caught a 20 1/2 inch crab off the pier which Mrs. Carbajal has in her deep freeze in case someone is in doubt as to the size.

Mr. and Mrs. Robert Portlan caught more than 50 croakers, white trout and channel mullet off the M. J. Carbajal pier since arriving for a two-week vacation at the guest cottage. Their host brought in 65 white trout and channel mullet Saturday from one of their favorite spots.

## When You're Shopping

don't forget

# The Hidden Values

you get with every purchase in your home town stores

YOUR DOLLAR spent in your home community will get you just about the same size package of merchandise or service that a dollar will buy anywhere else.

But there's a BIG BONUS you get when you buy where you live . . . an extra reward for buying at home.

YOU DON'T ALWAYS NOTICE IT or think about it when you're buying, but it's there just the same . . . hidden in the intricacies of modern life.

IT COMES TO YOU in the form of a busier and more prosperous community . . . a place

in which you can make a better living . . . easier. This premium for buying in your own community includes better schools, stronger churches . . . and neighbors who are more able to share in the work and the expense of all community projects.

This EXTRA VALUE that you get for your home-spent dollar also includes greater opportunities for you and your children . . . better shopping facilities and more skilled service people conveniently at hand, and . . . most important of all, the quiet and full life that only those can know who live in a prosperous American rural community.

## Why Pearson?

This week for the first time you will find a column by Drew Pearson on our editorial page. This time it is one of Mr. Pearson's regular columns for daily newspapers, but commencing next week the Echo will regularly carry his special column for weekly newspapers.

Our decision to carry a nationally syndicated news columnist was made largely because at least half of those who buy the Sea Coast Echo purchase no daily newspaper. The choice of Mr. Pearson to help fill this gap was due to the simple fact that of such columns available to weeklies his is by far the best.

Frequently we disagree with Mr. Pearson's views. At the present time, for instance, we feel he presents President Lyndon Johnson in too favorable a light. Conversely, we think he is overly critical of Senator Barry Goldwater. But whatever our opinion of Mr. Pearson's opinions, we believe the readers of the Sea Coast Echo will find his column interesting, informative and frequently controversial.

## On planning Our readers write

Mr. B. U. Jones  
Community Relations Department  
Mississippi Test Operations  
Bay St. Louis, Mississippi

Dear Mr. Jones:

This is in regard to an article and an editorial in the July 9, 1964, edition of The Sea Coast Echo relative to a meeting between the Hancock County Board of Supervisors, Mr. Louis C. Blass, and myself.

In order to clarify some of the statements made in the paper, which apparently resulted from a misunderstanding, let me make the following comments. First, our staffing problem is not one of providing additional funds for employing more A and I Board planners, but is a problem of being able at this time to fill the existing positions available on the staff which already are included in the approved budget of the A and I Board. Secondly, there is no question about funds being available for both county and regional planning. As was pointed out in the meeting, there is a definite need for both county planning and regional planning, each of which should serve to supplement the other, and funds from HHA are available.

In the editorial, it mentioned that the Cape Canaveral Regional Planning Commission has produced nothing except a good map of the area, but you and I both know that this is not the case. I might suggest that those people from the Gulf Coast area who may be interested in regional planning, attend the annual Mississippi Planning Conference on August 15 and 16 in Jackson especially to hear a presentation by Mr. Robert Doyle, planning director of the East Central Florida Planning Commission, who will present the many accomplishments and the valuable work that has been done by that commission. It far exceeds merely preparing a good map of the area.

As to the comments relative to HHA's preference of regional planning over county planning, they were primarily interested in the elimination of duplication of effort and the economies that could be realized by undertaking the REGIONAL WORK FIRST. However, once the need of county planning is explained to HHA, it is not anticipated their being adverse to the situation. It was also pointed out in this meeting that the A and I Board would proceed immediately in the preparation of an application for the county planning program and would do all that it can to securing an early approval of the application. The Scope of Services for this project has been prepared and sent to the commission for concurrence. We hope this will serve to clarify some of the points made in the newspaper articles that might tend to be misinterpreted as to create a wrong impression. It is certainly the aim of the A and I Board to do everything possible to assist the Gulf Coast area, whether it be county planning or regional, and to do so in a cooperative and extending planning program.

E. ROBERT DALEY  
Manager  
CITY PLANNING DEPT.  
A and I BOARD

CC: Editor, Sea Coast Echo  
EDITOR'S NOTE - Mr. Daley would not have HHA officials, through presence for regional planning, since the regional planning does have a local planning committee with county planning. This was the point of the editorial referred to.

remove Hancock County from the regional planning group so we can get funds for the county planning we need so much more urgently. As to the one good map, Mr. Daley was present in Gulfport earlier this year when, aside from spending taxpayers' money, the one concrete accomplishment ascribed to Cape Canaveral Regional Planning Commission was the said one good map.)

Editor, Sea Coast Echo:  
Please allow us to publish this letter as a plea for community support of our annual entertainment to be held at Trapani's Knock-Knock on Aug. 3, 1964, at 8.

The Retarded Children's school has been in operation for the past three years. It was begun by a group of civic-minded people who realized the need for such a school. Training for the retarded child at the community level in the state of Mississippi is very limited. Public funds and public facilities are just not available to care for the needs of these children who account for 3% of our total population.

And so we take this means to ask the general public to please support our drive for operating funds. The retarded child has been referred to as the forgotten child. He can be remembered with contribution to this most worthy benefit.

WARREN CARVER  
President  
Retarded Children's Association

## 2 Bay teams win openers of district

Two Bay teams, Southern Realty and Chateau Sea, posted two wins Tuesday night in the opening rounds of the South Mississippi district amateur slow pitch tournament in Biloxi. Southern Realty coasted to an 18-14 victory over Drive-In Cleaners, leading squad in Pascagoula. In the opener and during Moon Lodge 9-5 in extra innings in the second game. Claude Vashborough pitched both games. Jim Meyfield's double and three singles, and James Ginn's homer, triple and single, led the SR attack in the first and in the second Leroy Lake and Barry Stephens compiled 3-4 and Mayfield lined a homer.

Chateau Sea slashed Balms Floors of Biloxi 13-2 in the opener and Father Kelly's CVO 11-8 in the nightcap. Billy Oshman went the distance both games while in the first Todd Thomas and Donald Strong smashed two homers each. CVO's Dusty Rhodes lined a homer for a losing cause.

Trapani's bowed to V and M of Pass Christian 11-5 with Traps Bobby Boudin going two for three and Vernon Raymond lining a homer for losing honors. Finals will be played Monday night, the winners going on to the state tourney in early September.

## The Mississippi Legislature POLITICOS SPEAK

BY RALPH SOWELL JR.

Mississippi has been called an "enigma" in politics; that is, a puzzle, that seems to keep everyone wondering about the outcome of a particular situation on the political scene.

But, man, this year will take the cake! It becomes a heck of a thing when the big puzzle is NOT which candidate to support, but rather the question becomes, "HOW will we support him?" Many of the state's leaders have voiced their immediate desire that Mississippians vote for Barry Goldwater for President of the United States. So, you say, "Why such a stir? It's all agreed, then, let's vote for Barry."

But it's not so simple. The crux of the problem revolves around the fact that Mississippi is known as a Democratic state. It has been, since the Reconstruction days, when dominating Republicans dominated the Southern scene. Through thick and thin, except on occasional unpledged electoral binges, the Magnolia State has stood tall with the Demos.

The main reason has been, "My father and grandfather stood firm with the Democrats, and so, I must, too." And if this argument didn't seem sound enough, the voter reasoned, "Well, there's no difference in the national parties, anyway, so let's just continue down the Democratic trail."

But this year is different. Barry Goldwater stood before the entire United States, and he made his position very clear. He did not stutter; he did not hesitate; nor did he avoid the issue. He faced the people and told them where he stands; he vowed he was not ashamed to be a conservative, and he did not tell just the South, to make himself popular in this area. He told everyone in the United States—and let the chips fall where they may.

Now, Mississippians are not so sure how to make their stand. By and large, the political leaders, except the highest officials who have not made their stands public, are for Goldwater. But they're fast to say, in the majority, that this does not make them a Republican. In other words, they're "Democrats for Goldwater."

But then, how can the Democrats vote for Goldwater without losing "face" and not vote for the Republican electors? Some have suggested that the Democrats form their own slate of electors, who would cast their votes for Goldwater, and the Democratic party would cast Mississippians to vote for the Democratic electors, rather than the Republican electors for Goldwater.

However, here, again, leaders face a problem. A division of the conservative Goldwater votes could possibly split the state in such a way, as to give a victory for the Lyndon Johnson ticket, and thus all of the state's electoral votes would be committed to the national Democratic candidates.

What it really boils down to is that the Democrats are reluctant to let the GOP get the credit for the Goldwater victory that is imminent.

The State Democratic Executive Committee, meeting in Jackson Tuesday, was to face this problem, but as of this writing, the outcome was not known.

Meanwhile, another party began formation in the State last week—the "Freedom Democratic" party and Martin Luther King took a tour of the state, rounding up support for the new party. The leaders of the pro-integration group intend to challenge the seating of the regular Mississippi Democrats at the national convention in August.

## Ask 3 mills...

(Cont. from Page 1.)

In seeking a loan to finance purchase of four new schoolbuses and chassis in an effort to cut maintenance costs of old equipment, Laderne acknowledged \$16,000 had been borrowed from the supervisors last year but reported the audit showed that money had gone into the general account for teacher pay. He said the auditor had advised him this could not be replaced from general funds.

Supervisor Daph Keller, who presided over the school board meeting, said the school board had decided until a full board in present since a county-wide matter was involved. Absent were Supervisors James Neacase of Beat 4 and R. G. Hubbard, Jr., of Beat 5.

The Beat 1 supervisor was particularly critical of the school board's failure to speed action toward relocation of the soon-to-be-abandoned Logtown plant, declaring it had been delayed two years. He said he would vote to refuse the school millage only when he is assured there will be a school at Pearl-Logtown.

Three proposed sub-division plans were presented for consideration by the board, one by Charles Hill in the Pearl-Logtown area and two by John McDonald in the vicinity of Lakeview and Alton Roads in Waveland. Both men were advised as to bonding requirements for installation of utilities and roads.

Also held over for decision

Proceeds of the sale along with the \$15,000 from the federal government for acquisition of the property for Mississippi Test Operations butler some will be distributed on a percentage basis to churches absorbing the congregation. Most of the members are now attending Pearl-Logtown and Waveland churches since the last service was held at Logtown in early June.

by a full board was a request from Sheriff Sylvan J. Laderne, Jr., that the supervisors order two-way radios purchased by the county in 1962 be turned in to him to assign as he deems necessary. Under the present distribution Beat 3 and 4 have only one each and his own staff is cramped. Beat 5 Constable Arthur (Pat) Garza told the supervisors he would not release the radio unless ordered to do so in view of the support he received from more than 2,000 voters in the second primary last summer.

A \$80 full page advertisement in the Pearl River Junior College football program was authorized and a 16th Section sub-division lease approved to Clarence Riddell Lick.

his successor would have to retrace four miles of the route each way a day.

John Laderne indicated this action by the board would cause him to oppose the tentatively proposed \$900,000 bond issue for new school construction. Several parents last year complained about Randolph Laderne's bus operation, according to board member Louis Neacase.

The 19 school bus drivers approved by the Board Monday, with Trustee S. P. Powell abstaining, were: for Hancock North Central, Oswald Malley, Laurence Neacase, Frank Moran, Simon Bonilla, Larry Lee, Mrs. Eddie Patterson, Harbin Spencer and Roy Kesterson.

For Logtown School, Rufus Deway, Mrs. Orla Mitchell and Mrs. Anna Rose Morgan; for Gulfview, Joe O'Donnell, Mrs. Henry Shubert and Mrs. Robert Shubert; and for Vinton, C. Jones, Ruth Fulton, Oris Harris and Don Frederick. Kesterson, who operates his own bus, had agreed to a \$10 a month fee to \$300 for next year. The fee was due to absorbing the route approved

## Merry-Go-Round

By Drew Pearson

WASHINGTON—While the Pan-American Foreign Ministers were voting sanctions against Fidel Castro in Cuba, the United States was in the ironic position of supporting with millions of dollars in wheat another dictator who has been even more effective than Castro in opposing U.S. policies—namely Gamal Abdel Nasser of Egypt.

President Nasser has seized all American property in Egypt just as Castro did in Cuba. He has socialized industry just as Castro did. And he has waged a vicious, subversive campaign against American interests all around the Near East. They have been far more successful than Castro's campaign against Venezuela and other U.S. friends in the Caribbean.

Despite this, American aid to Nasser is more than the Russian contribution to building the Aswan dam. It totals \$418,100,000 since 1955.

It was in 1956 that Russia decided to start building the Aswan dam. Since that time the Soviet has loaned Egypt a little over \$250,000,000, all of which is in the form of a credit and must be paid.

American contribution to Nasser is in the form of grain paid for in Egyptian currency which is left in the country. It amounts almost a gift. Sixty per cent of all wheat used in Egypt comes from the United States. And this food helps pay for Nasser's propaganda campaign against the United States.

## Nasser's anti-U.S. campaign

Here is what he is doing:

1.—While the Republican Party was meeting in San Francisco, nobody noticed that the Libyan Foreign Minister, Hussayn Mazziq, visited Cairo and promised Nasser to throw Americans out of the Wheelus Air Force Base at Tripoli. This is the biggest bomber base we have outside the U.S.A. and our lease does not expire until 1967. However, the Libyan government, as a result of Nasser's prodding, is urging us to get out earlier.

2.—Nasser is also putting the heat on Emperor Haile Selassie in Ethiopia to cancel the U.S. communications base at Kagnew on the Red Sea. This is the most important foreign communications base we have. It's essential for tracking satellites. So far Haile Selassie has refused to budge, but Nasser is now accusing him of being a colonialist.

Castro, incidentally, has tried to get our bases canceled in Panama and Guantanamo but has not succeeded.

3.—Nasser has received arms from Russia just as Castro has—though considerably more. He is now sending surplus arms to Somalia in order to stir up guerrilla warfare against our good friend, Ethiopia. This is what Castro has tried to do by shipping arms to Venezuela and Brazil though he has not succeeded.

The United States has had to supply Ethiopia with arms to combat this warfare. Thus, we are supplying wheat to Egypt, which helps pay indirectly for arms to Somalia; and then we have to send arms to Ethiopia to combat Nasser's arms. American wheat is also going to help pay for 40,000 Egyptian troops kept in Yemen. This is an attempt by Nasser to win control of Saudi Arabia and the American oil properties there, just as Castro tried to penetrate Venezuela in order to control U.S. oil properties in that country.

## Biting the hand that feeds

The radio propaganda campaign against the United States in this Red Sea area is vicious—so much so that the Yemen Republic recently apologized to the American embassy.

The attacks occurred at the same time the United States was helping Yemen construct new roads, build a water purification plant and supply other economic aid; and Yemen officials made it clear that the Egyptians controlled the press and radio through their 40,000 troops and there was nothing Yemen could do about the anti-American tirades.

5.—While President Nasser does not want war with Israel now, he is paying Gerdifreidkind scientists to develop modern rockets and, he hopes, nuclear weapons. American wheat indirectly is helping to pay for the cost of these ex-Nazis. All this raises a serious question in the minds of our Allies. They wonder why the United States continues to subsidize a dictator who follows exactly the same policies as Castro and is more effective in carrying them out.

The French and British, for instance, are still smarting over Nasser's seizure of the Suez Canal and Eisenhower's preemptory demand that their troops withdraw. This is one reason the French and British consider their policy of selling buses and trucks to Castro is no more inconsistent than our giving wheat to Nasser.

It's argued that if the United States did cut off American wheat, Nasser would make some drastic moves such as he did in 1956 when he seized the Suez Canal after John Foster Dulles withdrew U.S. promises to help build the Aswan Dam. It's true that Nasser is ruthless and unpredictable. However, at the present moment he cannot buy wheat anywhere else in the world. Possibly he can next year. The Russian harvest may then be better.

Furthermore, he can't attack Israel successfully now. Israel is too well armed.

When in Israel I queried Israeli leaders as to whether they were worried over a Nasser attack. They are not—at least not until he develops the modern rockets on which the ex-Nazi scientists are working, which we are helping to pay for.

transferred to SJA at Baton Rouge and coming here will be Sisters Felix from McNichols High School in Cincinnati, O., and Blaindina from New Orleans who will teach English and Latin. Sister Ignatius from New Orleans has been assigned to the infirmary.

St. Joseph Academy anticipates more classroom space this fall by use of the building with five rooms which has been occupied by Our Lady of the Gulf Parish School on the rear of the SJA campus. OLC's load is expected to be lessened with the opening of the new parish school for St. Clare's in Waveland.

Sister Eugenie explained that in addition to enrolling children of new residents moving into the area SJA also is getting a number of pupils from Pass Christian and Long Beach since the parish schools in those communities have discontinued seventh and eighth grades as of this fall. Until that happened she expected to have only one seventh grade at SJA but now there will be two sections.

Provision for portable classrooms is being considered, the principal reported, since a major building program is contemplated later to expand facilities. Emphasis at this stage, however, is being placed on securing the necessary teaching staff, she explained.

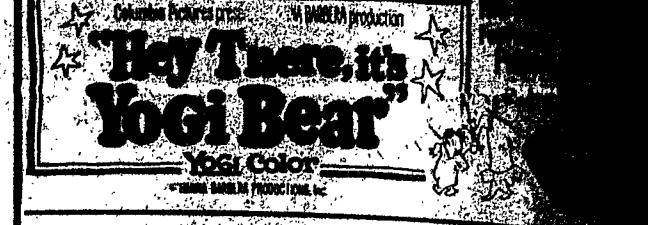

Trustees approved purchase of two 24'x40' new mobile units at \$150 each from Bay Service and Supply Co. and expenses of \$41,600 for new Albert Street, to attend at education conferences. They also authorized advertising for bids for furnishing automatic other supplies for next year. The board refused the re-

Bradford-Ladner vows  
are exchanged at OLG

Miss Carol Diane Ladner, daughter of Mr. and Mrs. Hester Ladner, and Jordan N. Bradford, son of Capt. and Mrs. Ivan J. Bradford, all of Bay St. Louis, were married at 3 p.m. July 18 in Our Lady of the Gulf Church, following a civil ceremony Feb. 10 in Bay Minette, Ala.

Rev. Michael Kelly officiated at the double ring ceremony. Attendants were Miss Janet Bourne and Mil-lard F. Bradford, brother of the groom.

A reception followed at the Bradford home. Assisting in serving were Mrs. Milton Bradford and Misses Peggy and Marcel Bradford, aunt and cousins of the groom and Sandra Repp, all of Plaquemine, La., and Miss Marie Bailey, of New Orleans.

We'll attempt to cram just as much news as is humanly possible into this week's column, as far as the next two weeks we'll be enjoying a much needed (if maybe not so hard earned) vacation. And before anyone starts to wonder, we'll assure you and all that we are not going to Europe, the World's Fair... or even the Snaky mountains... just to Nashville, Tenn., where we'll spend about a week with doing parents, visit a couple of aunts and cousins, then return home and do something (much) for the balance of the holiday. So we're asking our readers to please make actual or just mental notes during the half month period, then start our phone ringing like crazy on Saturday, Aug. 15! And as appealing as the thought of doing absolutely nothing is, the time is still a whole week off and we'll best get busy passing on news of the day.

### Variety of summer doings

Our Loggins-evicted new residents seem to be getting adjusted to life in Waveland and environs. Several including Mrs. Lamar Otis, son, Henry, his daughter, Carolyn and his sister, Mrs. C. W. Fountain, Jr., enjoyed a concert presented by the Mormon Temple singers in New Orleans last Tuesday night. While there they spotted former neighbor Mrs. Ruby Bennett and granddaughter Kathleen Maloney in another party.

Nancy and Lucien Cox weekendend in solitary splendor at Point Clair, Ala. Peggy and Floyd Hepting had planned to accompany them but one of the children came down with a virus forcing them to cancel their plans.

Angie and Vincent Morreale entertained at their Ballentine Street home last Sunday following the christening of their second grandchild, Patrick Gerald, at Our Lady of the Gulf. Pat and Gerry Garriga are the young man's parents.

Birthday greetings go, belatedly of course, to Winnie (Mrs. James) McDonald who celebrated last Tuesday, July 21.

Mary Lou Kleinhans likes her new job with GE, but will be happier when the work force gets into full swing and she finds more outlet for her energy.

More are recuperating

The sick list is slowly dwindling we're happy to report, but there are always a few. Coco LaFonzie was taken to Hancock General following a diabetic attack last Wednesday. Mrs. W. J. Antoine is suffering from a sprained back and Shannon Roseberry (Mrs. Tom) returned to Ochsner for a chest x-ray on Monday. 'Cas' Ladner has also been under the weather and little Danny Thomas, age 17 months, is hospitalized with pneumonia.

Arriving Friday at Bay-Waveland Yacht Club by boat were Mr. and Mrs. Edmund Gormley of Livermore, Calif. The Gormleys were weekend guests of Mr. and Mrs. Peter Palmeri at their Waveland home.

Harold Bordages, (guess we should prefix the name with the Rev. due him, but we've called him Harold for so long) gets birthday greetings. He celebrated on Thursday, July 23. Glad to note that wife, Eleanor, is up and about after spending several days in the local hospital.

Always glamorous Barbara, husband Keith Colby and the Norton Haas, Jr., had a ball dining at Haverly's last Wednesday night.

Our classifieds really work

J. H. Davis of New Orleans who owns a home at 303 Ballentine St. paid us a visit Saturday to inform us how very effective he considers our classified ads. His For Rent advertisement appeared in last Thursday's edition and the house was rented late the same afternoon. We feel we've rendered a double service as his tenant is none other than the new manager of Bill's Dollar Store. Mr. Rogers who was eagerly searching for suitable lodgings so his family could join him here.

We're a little late but still want to wish Mrs. Rosa Necaise a very happy 93rd birthday. Mrs. Necaise, who is Shelia Woods' great grandmother, which means of course, that she's Margie Woods' grandmother, cut her cake on Thursday, July 9.

If you notice Flora and Alden Mauffray looking a bit lonesome it's due to the fact that son Larry, wife Julie and the little ones returned to their Muncie, Ind., home last Wednesday.

More new vehicles. Rev. John T. O'Brien is driving a very sporty new model and Audrey and Eddie Hoelzel are justly proud of their brand new station wagon... it's white with bright red interior. The Hoelzels had both mammas as recent visitors... Audrey's, Mrs. Rosalee Prest of Metairie, and Eddie's mother, Mrs. Pearl Hoelzel of Algiers.

Mr. and Mrs. Henry James and son Billy weekendend at their Cedar Point home.

Spending a week vacation at their Cedar Point summer home were Mrs. Leo Hebert of Baton Rouge and Mrs. Gladys Bucho of Metairie, and Eddie's mother, Mrs. Pearl Hoelzel of Algiers.

Surprise stork shower

A most artistic stork hovered over a lace flounced bassinet, gift of hostess Kay Dorich, when she entertained at a surprise baby shower honoring Betty (Mrs. Jimmy) Chiniche at her mother's Grosvenor Place home last Sunday afternoon. A white cake decorated in blue and pink centered with a stork and flanked with tiny baby dolls, crystal candelabra and punch bowl were featured on the serving table. Enjoying delicious refreshments and admiring the many gifts were both prospective grandmothers, Edith Ruder and Josephine Chiniche; great grandmother-to-be, Mrs. Edwin Ruder, aunts, Laura and Helen Lena Chiniche, Polly Comprea and daughter Rosemary; Mrs. Charles Giametta, Claude Ruder, brother aunts, Marguerite Breland; Mrs. Earl Hoffman and Billie Venter.

More get well wishes go to Claudia Klein, Sr. and Jr. Claudia the first is on the road to recovery after having flu and a strep throat... now little Claudia has the same illness and her doctor has ordered complete bed rest for two weeks.

Mrs. Ruth Meilleur, who will be in Biloxi next Monday through Friday representing Waveland Methodist Church at Mission School at Seashore Methodist Assembly, has asked us to express the appreciation of Rev. Percy Byrnes and the congregation to Loggins Methodist Church for the gift of pews from their NASA removed structure. They also want to thank Mayor Garfield Lader for allowing them to store extra pews in the Town Hall.

Civic duties

The Gaston Moreau home was the setting of a party for Goldport Veterans Hospital patients under the sponsorship of the Women's Society for Christian Service last Thursday afternoon. Guests were served refreshments, played games and were entertained with a musical program.

Waveland Volunteer Fire Department Auxiliary is planning their first fund raising

Half birthdays

Mrs. Edwin Soccola was buying ice cream on Saturday preparing to entertain her little granddaughter, Charlotte Gordon on her fourth and one-half birthday... Charlotte's actual birth date falls in the winter and she wanted to celebrate her grandparents' Oak Blvd. home. Mrs. Soccola reports a wonderful time was had by all.

ELIZABETH ANN BOURDIN

### Pass girl is to wed Mr. Ashman

Mr. and Mrs. Henry Bourdin of 250 West Second St., Pass Christian, announce the engagement of their daughter, Elizabeth Ann, to Dixon Leroy Ashman, son of Mr. and Mrs. T. D. Ashman of Waveland.

Miss Bourdin is a 1963 graduate of Pass Christian High School and is presently employed at Hancock Bank in Pass Christian.

Mr. Ashman was graduated from Bay High School and attended Pearl River Junior College. He is employed by Summit Builders of Gretna, La.

The wedding will be solemnized at 2 p. m. Aug. 8 in Trinity Episcopal Church, Pass Christian. A reception will follow in the parish hall.

Louise and Joe Wymer continue in their entertaining ways... Thursday night Louise's cousin Anthonie Terrebonne, Mrs. Terrebonne and children of Gretna were their guests for a seafood dinner and on Saturday they feasted Mr. and Mrs. Joe Benigno and daughter Terri of Pass Christian, Bea and Joe Damiani and Ora May and Connie Herlihy. Sunday just as they were preparing to eat out for a change, daughter-

Trophies for the 1964 sailing season at Bay-Waveland Yacht Club will be awarded at ceremonies from 6 to 9 p.m. Sunday.

There will be championship awards in the junior, A and expert classes with prizes also for those finishing second and third. The three sailors who have accumulated the most points during the season will be recognized as well.

Mrs. T. A. Quigley sailed to a first class in the final A race of the season Sunday to insure top place in that group. In other final weekend activity Dick Reeves won the expert class followed by Harry Chapman, Bert Quigley, Mrs. W. L. McFarland and Ray Stiefel.

**SIGHTS AND SOUNDS ALONG THE WAY**

Deep crimson crepe myrtle blossoms, some towering feet into the air; cars, cars and more cars proceeding in their funeral way down the beach on weekends, people, just as numerous lining the seawall in pursuit of summer pleasure and the slightly strange sound of "foreign" accents mingling in with the expected Southern drawls as more and more newcomers arrive daily.

## In make-up game Realty smothers Krankey

Southern Realty, leading the men's softball league by one-half game, tripped last place Merchants and Kitz Youth Center drew double forfeits as neither team could field a team Sunday night in a make-up game.

Realty's Bill Watts led the charge with four for five while teammates Larry Mathes and Wilmer Seymour lined three for five trips. Claude Yarbrough and Bill Richards combined mound talents for the win. Paul Raynaud was losing pitcher.

Krankey center-fielder Jerry Ladner chalked up a homer in the fifth inning and Harold Krankey tripled to account for all extra base hits. J. Nelson hit a two-run homer in the sixth.

It was a big win for Southern Realty, defending city champs who meet second place Chateau Sea Friday night. If Chateau wins there will be a play-off game for first before the city championship play-offs next week. In Friday's opener third place Trapani meets Waveland Merchants. If the Merchants win, another play-off will be needed as the Traps will drop to a fourth place tie with Father Kelly's CYO.

## In 3 leagues

## Rains curtail play

Riemann's downed 7-Up 20-4 and league leading Merchants Bank tripped Coast Electric Kids 20-3, Monday evening in the only games played this week in the Little, Pony and Women's Leagues because of wet grounds.

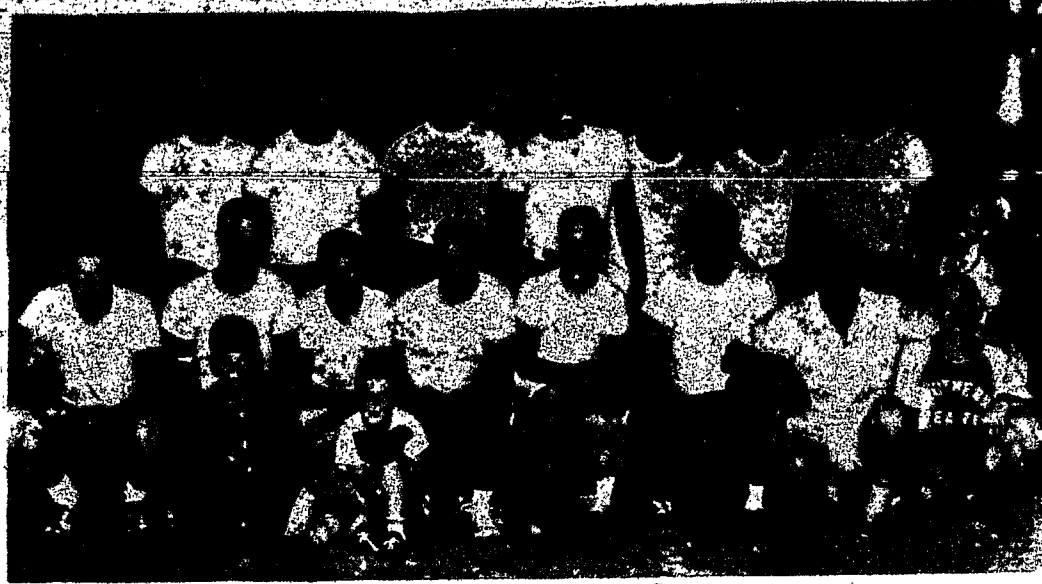

Second place Riemann picked up five runs in the first, seven in the second and eight in the third on a series of walks and errors while 7-Up collected 14 in the first. Darrell Carlot was the winning hurler and Marty Hardon the loser.

In the second game Merchants Davy Jo Kidd hurled a one hitter for mound honors while Tony Gayaux was charged with the loss.

One make-up game, Gulf Coast Express vs. Industrial and Merchants vs. 7-Up will be played Friday and the regular season ends Saturday when Merchants Bank takes on Gulf Coast Express at 9 a.m.

Play-offs are scheduled to begin Monday with the top team meeting the last place team and second and third place teams meeting each other. The winners will advance to the finals with the best two out of three games determining the champs.

In women's action, Millers will meet Don's Service and Lake's Electric takes on

LEAGUE LEADERS—Southern Realty, defending city champs, pose with all smiles as they moved into first place in men's softball league. From left, front row, are: Bill Watts, Billy Thomas, Leroy Luke, Larry Mathes, Barry Stephens, Claude Yarbrough, Bill Johnson, manager and sponsor, Don Caldwell, Jr., batboy; second row, Bill Richards, James Ginn, J. T. Ladner, Cliff Vogt, Frank Ladner, W. J. Cameron, Don Caldwell and Wilmer Seymour.

AT ST. JOHN'S FAIR—Jerry Ladner tries his skill with shot gun at one of booths at St. John's Church annual fair at Lakeshore over weekend.

Breath, Bob lead BWYC to regatta win

First place wins by Chuck Breath and Bob Boh, plus a fourth place finish by Alfred Watts, gave Bay-Waveland Yacht Club the fish class series by 1/4 point at Gulf Yachting Association invitational regatta July 24-25 in New Orleans.

Boh and Breath were winning skippers in both Sunday races, with Kay Boh crewing for Bob, and Clay and Donna Charbonnet for Chuck. Members of Watts' crew were Tim Egan and Bob Hamilton.

Southern placed second with New Orleans Yacht Club third.

TOPS IN BAY BOURBON—Judy Reeves, center, won final two races of Bay Bourbon series at Bay-Waveland Yacht Club to head local entry in Knox Invitational Regatta this weekend at Pass Christian YC. Second was Mrs. W. L. McFarland, right, and Mrs. J. W. Watts, Jr., left. Mrs. Richard Reeves is alternate.

Moran's Amusement for the last regular game of the season tonight and a make-up game, Don's vs. Lake's and Moran's vs. Millers will be played next week.

Pony play will continue through Aug. 11. No play-offs are scheduled.

## CYO posts second upset of Chateau

Catholic Youth Organization staged its second upset victory over Chateau 11-8 to knock Chateau from first place and league leading Southern Realty downed Bay Angels 10-5 in men's softball action last Wednesday.

CYO dropped Chateau 11-5 and Southern Realty 2-1, both top place teams, earlier in the season to account for the three big upsets.

Dusty Rhodes was top gun for CYO as he smashed two clean homers in the first and third innings and Sam Alliston lined a double for the other extra base hits. Alliston, Rhodes, Curtis Matherne and Donnie Saucier captured top stick honors with two for four as CYO picked up 14 hits on 36 trips up.

CYO scored three runs in the first and eight in the third while Chateau placed three in the first, one in the fourth, and two in the fifth and sixth behind Donald Strong, Teddo Thomas, and Larry Favre with 2-4.

Alvin Ladner was winning hurler, Coach Morgan the loser.

In the nightcap, SR's Leroy Luke and Cliff Vogt led the attack with 3-4 while James Ginn, 3-3 and Larry Mathes, 2-4, were tops. Realty picked up 14 hits on 37 trips while Angels got 11 for 31 trips.

Ray Kidd, 2-4, Tim Fagen, 3-3 and Ray Chiniche, 2-3, were top Angel sticks while Bill Osbourne smashed a homer in the first for extra base honors.

Claude Yarbrough and Don Caldwell were credited with the mound victory, Osbourne the loss.

## Bay and bayou

By HANK EVANS Rt. 1, Box 314C

Fishing is one way to catch lots of fish, but it's also a way to catch a lot of trouble. Take this week's trip of the Blue Angel, for instance. The Scherlin was hosting the party and started getting ready about a week in advance. Skipper Albert Strong and his wife, Mrs. Shelden Scherlin, took a long look at the weather. The good ship came, at noon on Monday, 10 ardent fishermen aboard and ready for the kill. After stopping off at the island to deliver supplies, the Blue Angel headed south and picked up the first of the blow torches. They tied up to the oil rig barge and broke the ice. After that, things got a little bit confused. A field fire is an impressive thing. It looks and sounds like a hundred welding torches all working at once. At night, a reason that attracts the shrimp in the water and the fish in the air. The hungry fish come from miles around to enjoy the feast.

At 11 p.m. the strong men aboard were pretty well fished. The five boys were just getting started. They fished until the tired old men tried to get a little sleep on a good night's sleep.

Mr. and Mrs. George Hofmann of New Orleans have been fishing at Camp Goble Dear, Clermont Harbor. George has been a seafood sage, what with the crabs, shrimp and fish, and two weeks just isn't enough. The Hofmanns have been in Clermont Harbor and are busy planning to build. They'd like to live here all the time. Who wouldn't?

Upper Thompson, Bobby Ellis and their dates went outside late for an afternoon of water skiing. Off Cat Island they were to stay and drop a hook over the side. Surprise! They found the boat right over the speckled trout and had 20 fish aboard in short order. Our editor says they made it good eating.

Angels scored three runs in the first inning but Krankey came back, collecting one run in the first and four in the third. Angels picked up two runs in the third to tie the score. Two runs in the fourth and one in the seventh put the icing on the cake for Krankey as they held the Angels scoreless in the fourth, fifth and sixth inning and allowed one run in the seventh.

Jerry Hall, 3-4, Lonnie Schultz, 2-4, and Chippy Henry, 2-3 led the advance as Krankey picked up 10 hits on 35 trips to the plate to the Angels' nine hits on 35 trips.

Angels' Frank Miller, Ray Chiniche and George Anderson lined two for three for a losing cause.

### Hospital bids...

(Cont. from Page 1.) Low bidder on base construction did not offer a price on the 12-bed wing and the next bid ran over the amount available to finance the job so the hospital's board of trustees recommended proceeding at once with the 24-bed job and applying for Hill-Burton aid for the rest of the work.

Logue indicated he had assurance of the state hospital body it would incur in the method adopted to get building under way.
